

Reducing Washers

- For use when a raceway is smaller in trade size than the trade size of the knockout it is designed to enter
- To be used in pairs inside and outside of the box or enclosure
- Solid steel construction for installation integrity
- Bright electro zinc finish for corrosion protection

SPEC-grade

Reducing Washers

| Cat. # | Size | Unit Ctn | Std Pkg | WT/100 |
|----------|-----------------|----------|---------|--------|
| RW7550 | 3/4" x 1/2" | 200 | 2000 | 1 |
