

Cast a New Light on Your Solar Projects

Spec-Grade American Made Electrical Fittings

Products That Save Labor Costs and Improve Your Installs

The NEXT Generation of Electrical Fittings for the Solar Industry

***Our fittings will meet your cost, quality, performance and regulatory challenges.
Products Always American, Always Available. One Call One Source . . . Think AMERICAN.***

American Fittings delivers innovative product solutions for alternative energy in multiple product groups. We offer liquid-tight fittings, raintight fittings, watertight grounding hubs, PVC jacketed AC conduit, and ground bushings to meet your installation and application needs.

Unlike die-cast fittings, our precision machined alloy steel fittings allow you to provide full torque values without concern for cracking the fitting. Alternatively, plastic fittings have a concern with UV, maintaining environmental ratings is varying outdoor temperatures.

Twice the Strength and Durability of Die Cast and Malleable Iron Fittings

Rigid Conduit NT-RT Connectors & Couplings

Compression 1/2" to 4" Note: 2-1/2" to 4" Dual Rated for EMT
UL Listed/Approved Rain TIGHT and Direct Burial
Zinc Chromate Plated or Galvanized Plating Option
Connectors Available with an Insulated Throat Bushing

Both Our Rigid and EMT Compression Fittings are
UL Approved for Use with Aluminum Conduit.

EMT RT Connectors & Couplings

Compression 1/2" to 4" Note: 2-1/2" to 4" Dual Rated for Rigid
UL Listed/Approved Rain TIGHT and Direct Burial
Zinc Chromate Plated or Galvanized Plating Option
Connectors Available with an Insulated Throat Bushing

Solid Alloy Steel Bar Machined Construction

Rain Tight Transition / Adapter Fittings

Convert Your Runs to an Alternate Conduit
EMT to Rigid | Rigid or EMT to Seal Tight | Flex to Rigid
1/2" to 4" UL Listed/Approved Rain TIGHT
Zinc Chromate Plated or Galvanized Plating Option

WaterTIGHT WT-STG Low Profile Ground Hubs

1/2" to 4" UL Listed/Approved Water TIGHT
Solid Steel, Precision Machine Construction
Zinc Chromate Plated or Galvanized Plating Option
Low Profile with More Grounding Options than Anyone

*Patented Sealing Rings and
Precision Machined Threads
GUARANTEE RainTIGHT in Both
Vertical and Horizontal Runs*

UL Listed RainTIGHT

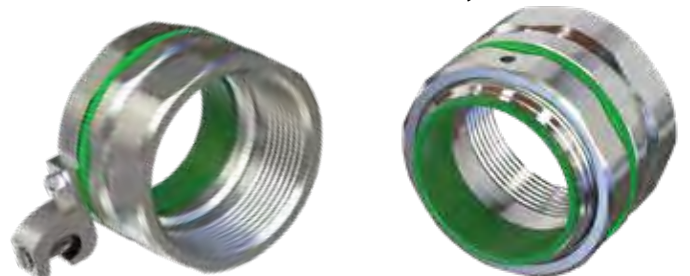

Gold Plated Nuts to Assist Inspections

Transition Your Runs

The NEXT Generation of Myers Hubs

The NEXT Generation of Electrical Fittings for the Solar Industry

*Alternative Energy Requires Alternative Ideas for Electrical Fittings
Consider the Next Generation of Fittings*

Ground Bushings

1/2" to 4" UL Listed with Many Grounding Lug Options
Solid Alloy Steel Construction Precision Machined Threads
UV Rated Insulated Throat Will Not Pull Out
Zinc Chromate Plated or Galvanized Plating Option

Heavy Duty Locknuts & Ground Locknuts

1/2" to 4" UL Listed
Two Options Standard LN or Bulkier Design With Lug
Solid Alloy Steel Construction Precision Machined Threads
Unique Diamond Patterned Face for Tight Bonding

Seal Tight Fittings - Straight, 90°, 45°

1/2" to 4" for Type "A" Conduit, NMLT Avail. for Type "B"
UL Listed, Available with Ground Lugs
Zinc Chromate Plated or Galvanized Plating Option
Available with an Insulated Throat Bushing

Non-Metallic LT for Type B Conduit

3/8" to 2" Straight & 90° Connectors
For Use with Type B (NM, NMHT, NMFG, and NM2)
Furnished with Industrial Grade Locknut
UV Rated PVC

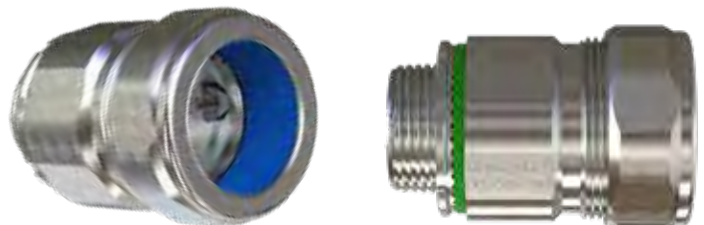

Cord Connector - Flat & Multi Conductor

Cord Connectors 1/2" - 2 1/2"
UL Listed Liquid Tight
Zinc Chromate Plated
Also Available, Our Exclusive Job Ready Cord Grip Kits

MC PVC Jacketed Cable Connector

1/2" to 2" - Installs Without Disassembly
Furnished with Numerous Grommets for Various Cables
UL Listed/Approved Liquid Tight / Adverse Conditions
Solid Alloy Steel Zinc Chromate Plated

Since 1946

American Fittings Corporation

Designing & Manufacturing a Tradition of Innovation, Quality, & Integrity Since 1946

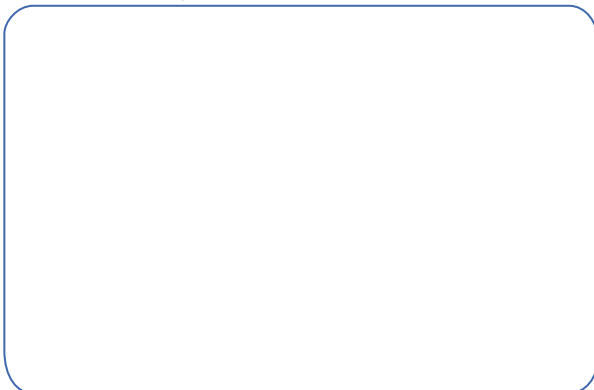

Innovating the Next Generation of Electrical Fittings

EMT RIGID CONDUIT LIQUID TIGHT FLEXIBLE CORD FLEX METAL CONDUIT

Founded in 1946, a family owned and operated, 3rd generation business, we have grown into the world's largest manufacturer of alloy steel electrical fittings. Headquartered in New Jersey, all products are sold exclusively through Authorized Stocking Distributors.

Our products are made in the USA, and they will exceed your requirements and expectations, not your budget. We never apologize why our products are made in America; we suggest you ask our competitors "why they don't"! Random lot shipping inspection in a foreign country can never replace integrity manufactured into raw materials and manufacturing in this country. Don't consider us as just a government project supplier, consider us as your fitting supplier for all types of projects.

Sold Exclusively Through Authorized Distributors

We Are the ONLY Manufacturer of a Full Range of Steel Electrical Fittings Made in the USA

Manufacturing and Corporate Offices
